13:00 - 14:00	Lunch break					
14:00 - 15:15	Students' presentations related to Case 2 Please prepare a presentation (10-15 minutes) about the financial statement impacts (BS and P&L) of Loan1-5 for the financial year of 2018 and 2019. Within your presentation you do not have to show the financial statement extract for each loan separately (showing the impacts aggregated is perfectly fine), however for certain loans you might need to justify your ECL staging (and calculation) decisions considering the additional macroeconomic or entity specific information. To make the preparations somewhat easier, you may find an example template on dipcat.eu website (however feel free to change the template, customize according to you liking). During this session (14:00-15:15 CET) each "breakout" groups will present their slides within their "main" group room. 15:15 - 15:45	Coffee break					
15:45 - 17:00	Concluding remarks reg. Case 2 Zoom (2 slides from 2018 and 2019 each team) Each group has to do short version and explain the results (just the financial impacts and ECL's calculated for 2018 and 2019, no explanation for the individual loans required here) in a max. 3 minutes. Keep in mind during the plenary session we wont be able to dive deep into the details so please keep is short and straightforward.
